

3. Skill Training and Contract Work Affairs:

- I. Skill training courses: For the purpose of enhancing the inmates to be more capable and employable, the prison provides special training courses for certificate of computer operation, Level C technician for wooden furniture work, and Level C technician for interior wiring work. There are also short term classes of traditional craft works, pottery making, gardening and Chinese Style Wheat Flour Processing.

Classes of certificate:

Courses of interior wiring work

Courses of computer operation

Courses of wooden furniture work

Short term classes:

Class of pottery making

Class of Chinese style wheat flour processing

Class of horticulture

Class of handmade soap

Class of weaving craft

Class of foot massage

II. Self-run business: Currently, we provide seven workshops of contract processing works for inmates to be assigned according to their suitability based on their education, specialty, aptitude, interest, physical and psychological conditions upon their incarceration. Inmates participating in such operations are rewarded with wages plus bonus for excellent performance. The self-run workshops are pottery making, car washing and polishing, general construction work, lotus origami and laundry services.

Workshop of pottery making

Workshop of wooden craft

Workshop of electric cautery

Workshop of lotus origami

Workshop of tea twig picking
