

## Cultural and Entertainment Activities - Miniature Model Contest

"Spot a Scam: Keep It Simple"

To promote scam prevention, foster teamwork and artistic design, and encourage creativity and resourcefulness among inmates, our prison hosted a Miniature Model Contest on July 17, 2025. The goal was to educate inmates in a fun and engaging way, supporting their rehabilitation.

The contest's theme was scam prevention, and 30 inmates in five teams participated. Using everyday materials, each team created miniature models to share anti-scam tips in a clear and creative way. Their models and presentations focused on making people aware of common scam tactics so they could avoid becoming victims.

After a close competition, the team from Workshop 7 took first place, with teams from Workshop 4 and Workshop 5 placing second and third.

Review score

First Place - Anti-fraud three scenarios

Second Place - Anti-telephone fraud model

Third Place - Fighting Fraud 165
